Our city is a strong market — with real needs.

Women are already starting businesses

59.6%

of new business names in the Philippines in 2023 were registered by women

514,569 of 864,200

60% of people helped by DTI MSME programmes were women (2022)

72% of DTI MSME trainees were women (2022)

Since 2015 Kabankalan has a DTI Negosyo Center — the first in the province that year

Women start. Our next step is to grow.

Why women-led businesses stay small

1 Need, not growth

Most start a business to add income or to survive.

2 Registration

Only 38% of women-owned firms in the survey were registered with DTI.

3 Money

58% of women-owned firms say getting finance is hard. Men: 37%.

4 Working alone

67% of women-owned micro firms have no employees. Men: 41%.

Source: ADB, Women's Financial Inclusion and Entrepreneurship in the Philippines: MSME Survey, October 2023 (1,000 MSMEs).

Family duties and business duties compete for time.

The phone in her hand

36%

of Filipino adults have an e-money account

85%

of households have at least one financial account

Since 2017

women have had more accounts than men

60 million+

registered GCash users; 5 million+ merchants and sellers

PART 2 · LEADING YOUR BUSINESS

Lead yourself, your family, your network

AI-generated image

Three circles of leadership

1

Lead yourself

Your goals, your time, your skills

2

Lead your family

Talk, agree and share the work at home

3

Lead your network

Suki, suppliers, groups and the Negosyo Center

ACTIVITY

Who helps my business?

Pause · 10 min

1 List

Name 3 people who help your business now.

2 Choose

Name one task you could hand to someone else.

3 Practise

Say it out loud — or try it with a family member.

Asking for help is leadership.

PART 3 · A GENDER LENS

Who does what, and who decides?

The double burden

Care work per day, including watching children and elders

Care as the main activity

Source: Oxfam Pilipinas, PCW, UN Women Philippines, The 2021 National Household Care Survey (n = 1,177).

Time is a Pinaypreneur's scarcest capital.

Satisfied — or just used to it?

95%

of women said they are satisfied with how housework is shared at home

BUT IN THE SAME SURVEY

Women: **12.5 h** of care a day

Men: **8.4 h** of care a day

Ask yourself: what would I do with one more free hour?

Source: Oxfam Pilipinas, PCW, UN Women Philippines, The 2021 National Household Care Survey.

- **This is a conversation, not blame.**

The 3 Rs of care work

1 Recognize

See care work and count it. It is real work.

2 Reduce

Save time with tools, services — and AI.

3 Redistribute

Share the work with family, community and government.

Source: ILO, Care Work and Care Jobs for the Future of Decent Work (2018); PCW consultation on unpaid care and domestic work.

Recognize, reduce, redistribute.

On a disaster day, care work grows

Feb 2026 · Kanlaon

Ash fell on 121 barangays in 16 LGUs. Classes in Kabankalan were suspended.

Dec 2021 · Odette

209,809 houses damaged in the province. 7,234 Kabankalan families got ₱5,000 each.

Jul 2025 · Floods

1,380 families affected in the province. Kabankalan was among the flooded LGUs.

Nov 2025 · Tino

More than 250,000 Negros Power consumers lost electricity.

Source: Visayan Daily Star, 1 Mar 2026; PNA; Inquirer, Jan 2022; SunStar, 20 Jul 2025; Daily Guardian, Nov 2025.

Schools close, power goes, care work grows.

PART 4 · YOUR 24 HOURS

A normal day and a disaster day

AI-generated image

How the 24-hour workshop works

1 Clock A

Print slide 25 or draw a circle. Fill in your normal day.

2 Colour

Colour each task by type of work.

3 Clock B

Draw a disaster day: ash, flood or brownout.

4 Compare

What changes? Who could help?

Business Care and home Community Rest and sleep

Not sure of exact hours? Rate each task 1–5 (1 = a little time, 5 = a lot).

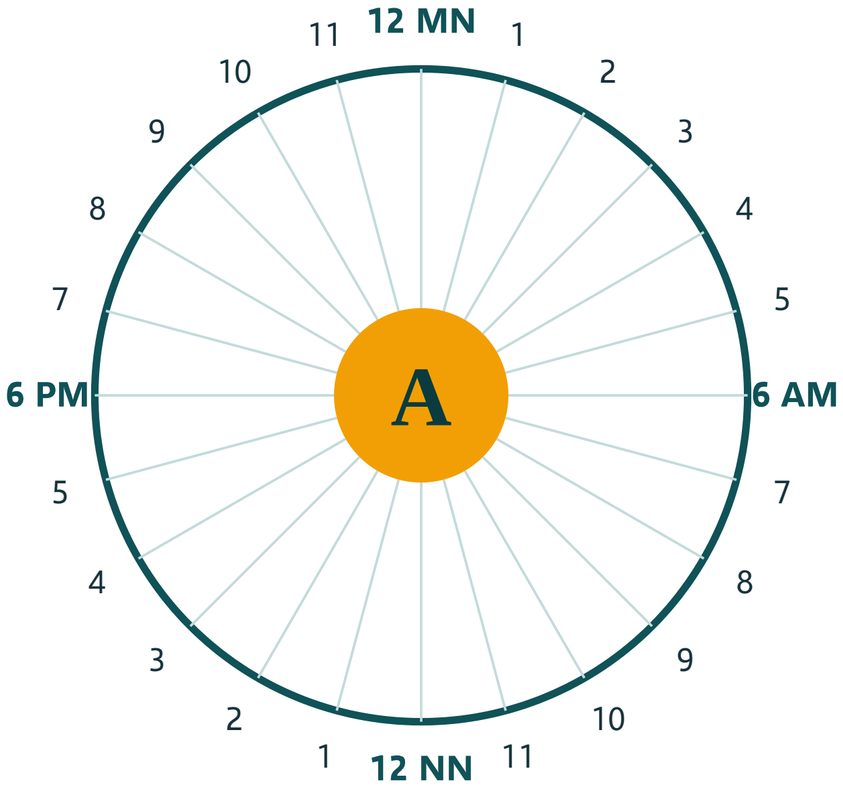

Source: 24-hour Day Chart, from the Harvard Analytical Framework (Activity Profile).

Who does what — and when?

ACTIVITY

Clock A: my normal day

Pause · 15 min

1. When do I wake up and when do I sleep?
2. When do I cook, sell, buy stock and deliver?
3. When do I care for children, elders and the house?
4. Which hours are only mine?

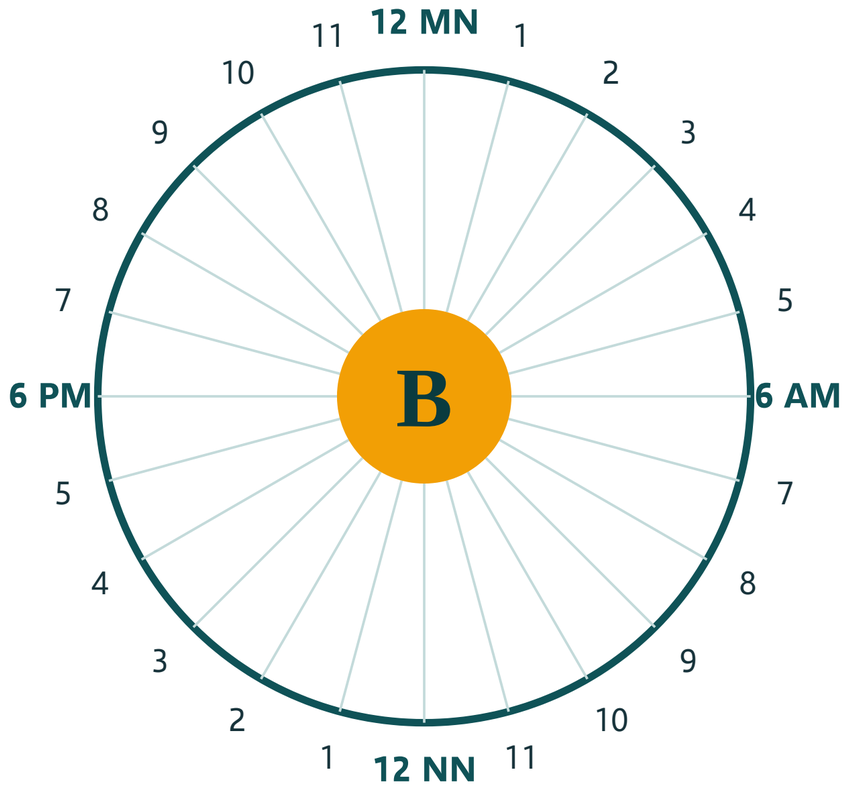

Colours: mango = business · teal = care and home · purple = community · blank = rest

See your day before you plan it.

ACTIVITY

Clock B: a disaster day

Pause · 10 min

1. Schools are closed. Who watches the children?
2. The power is out. What business tasks stop?
3. What new care tasks appear?
4. Who can help me on that day?

Example: **February 2026** — Kanlaon ash reached Kabankalan and classes were suspended.

Plan for the disaster day before it comes.

ACTIVITY

AI Task: find my free hours

Pause · 10 min

PROMPT

Type only the task, not the person.

#role	You are a friendly time planner for a small business owner.
#context	I run a **[business]** in Kabankalan. My normal day: **[tasks and hours — no names]**.
#task	Show the hours I already have free. Suggest which business tasks fit in those hours. List tasks a family member could share if we agree on a weekly plan.
#style	Simple English. Short list.

Sa Hiligaynon

#task	Ipakita ang mga oras nga libre na ako. Isugid kon ano nga obra sa negosyo ang mahimo ko sa sina nga mga oras. Ilista ang mga obra nga mahimo buligan sang akon pamilya kon magkasugot kami sa plano kada semana.
#style	Simple nga Hiligaynon. Mubo nga listahan.

AI drafts, you decide.

Write down: one change for this week

1 Recognize

One task I will start to count:

_____

2 Reduce

One task I will do faster:

_____

3 Redistribute

One task I will share with

_____

“This week, I will _____.”

One small change is a real start.

Three things to take home

1. **Your time is business capital.** Count it, protect it.
2. **Leading starts at home.** Ask, agree, share.
3. **Plan for the disaster day.** Before it comes.

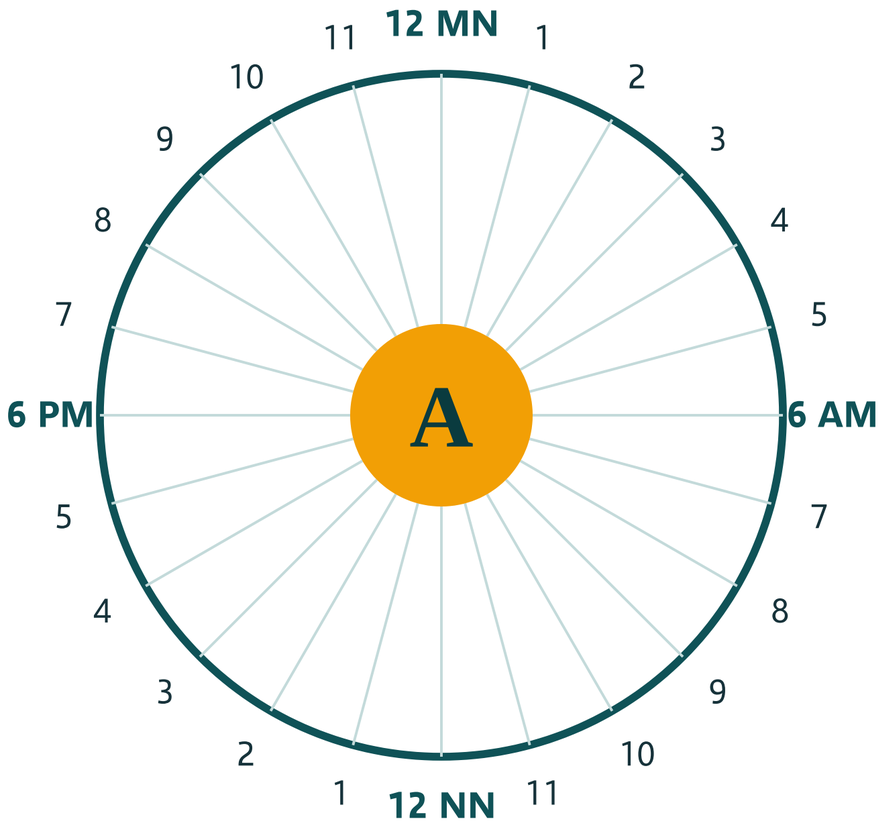

Next lecture: **Sell Smarter with AI** — meet Nena's friend Lorna.

See you in the next lecture. Salamat gid!
